

PRESS RELEASE

Lagercrantz completes the acquisition of TASL in the UK

Lagercrantz Group's subsidiary Radonova Laboratories has 10 February 2024, completed the previously announced acquisition of 100% of the shares in Track Analysis Systems Ltd (TASL).

TASL, founded in 1983 and based in Bristol, UK, is a leader in high-quality polymer sensors for neutron dosimetry and radon detectors with associated reading systems. The company has an annual turnover of approximately GBP 1.2 million with good profitability.

The acquisition was previously announced 23 December 2024 and has now received regulatory approvals. TASL will operate as a subsidiary of Radonova Laboratories, a part of Lagercrantz's Control division. The acquisition is expected to have only a marginal impact on the Group's earnings per share on an annual basis.
